| • Goenka Public School | 2019-2021 |
| Board of Secondary Education, Rajasthan | Percentage: 88 |
| • St.Teresa's School | 2009-2019 |
| Matriculation, Odisha | Percentage: 91 |

EXPERIENCE

Developer Intern

Jan 2026 - Present

Voylla

Jaipur

- Engineered automated data pipelines for Blinkit and Instamart using Python and REST APIs, eliminating daily manual report downloads across 5+ platforms and reducing overall reporting effort by 80%, saving 2+ hours daily.
- Built an LLM-powered marketing intelligence system to analyze 20-30 campaigns simultaneously, surfacing actionable optimization strategies across key metrics like ROAS, CPC, and ad spend for faster, data-driven decisions.
- Designed an automated budget allocation engine that optimizes spend distribution across multiple campaigns using real-time performance metrics, cutting manual intervention by 60% and improving campaign efficiency.

PERSONAL PROJECTS

Rate Limiter as a Service

Mar 2026

Node.js, Express.js, PostgreSQL, React

- Engineered a multi-tenant rate limiting service supporting Fixed Window, Sliding Window, and Token Bucket algorithms, with per API key configuration and tenant-level isolation for scalable access control.
- Built real-time analytics dashboard tracking request volume, blocked traffic, and API usage patterns across tenants.

Campaign Analytics Assistant

Jan 2026 - Feb 2026

Python, LangChain, GPT, Streamlit, PostgreSQL, SQLAlchemy

- Built a Text-to-SQL pipeline using LangChain and GPT to query live PostgreSQL data via natural language.
- Delivered LLM-generated insights with conversational memory across all campaigns and SQL injection protection.

AI Interviewer

Dec 2025

FastAPI, MongoDB, JavaScript, HTML/CSS, JWT Authentication, LLM (Groq)

- Developed an AI-powered interview platform where users upload resumes and get role-based interview questions.
- Implemented JWT authentication with interview session history tracking persisted across user logins via MongoDB.

TECHNICAL SKILLS AND INTERESTS

Languages: C++, JavaScript, Python

Frameworks: Node.js, Express.js, FastAPI, React.js

Databases: PostgreSQL, MongoDB

AI/ML: LangChain, GPT, Groq, Streamlit

Developer Tools: GitHub, VS Code, Postman

Soft Skills: Communication skills, leadership, problem-solving, critical thinking, multitasking, time management

POSITIONS OF RESPONSIBILITY

–**Member**, Data Science Club ,MNIT

Aug 2024 - April 2025

–Led and contributed to data science projects and events as an active member of the Data Science Club.

–**Marketing Executive**,SPHINX, MNIT

Aug - Nov 2023

–Liaised with brands for campus promotions and secured sponsorships to fund college events effectively.
